ADMISSIONS

Dear prospective parents

Thank you for making the best choice for your child. At Willow Academy, sport participation plays a vital part in your child's holistic development. For this reason we have made sport participation compulsory for all our learners, as even if they don't compete, it is beneficial to their physical, mental and social development. We expect all our learners to participate in one summer and one winter sporting code.

SPORTS OVERVIEW

- Participation in the sports program in all grades contributes towards the Physical Education component of the Life Skills and Life Orientation curriculum.
- All Grade 4 to 12 learners are expected to participate in sports practice twice per week, with one additional day where a match may be scheduled.
- Grade 1 to 3 learners will only practice once per week, with one additional match day.
- Each learner must participate in one winter and one summer sporting code.

COMPULSORY WILLOW ACADEMY SPORT

We are very excited for the future of our sports program, and looking forward to increasing the number of sporting codes as our school grows. We would also encourage parents to let their children participate in club sport, so they can have the added benefit of competing on a different level. Remember, sport is what you do for your body, and not what you do to your body.
